

## Bisbee and Warren District

## SOCIETY

Mr. A. V. Dye, who has been on a business trip to Chicago, is expected home the first of the week.

Mrs. J. Mason Ross left Friday evening for Avalon, Catalina Islands, to join Mr. Ross, who is spending his vacation there.

Mrs. H. B. Hunter is visiting her parents at Silver City, N. M.

Mr. Wm. B. Gohring and Mr. Roger T. Pelton were passengers on the Golden State limited Friday evening for the coast.

Mr. and Mrs. E. A. Polson of New Mexico and Mrs. E. A. Polson of Napa, gave a charming dinner at their home Thursday evening. The guests were Mr. and Mrs. J. E. Curry, Miss May L. Curry, Mr. Lester Ralph and Lieut. Barker of West Point, N. Y.

Mrs. J. Mason Ross entertained on Wednesday afternoon with a luncheon bridge, after which the guests participated in a delightful tea. Those present were: Mrs. G. Sherman, Mrs. E. Williams, Mrs. J. E. Curry, Mrs. C. Lynn, Mrs. S. Smith, Mrs. Wm. Gohring, Mrs. Arthur Houle, Mrs. F. E. Sturdevant, Mrs. Ralph Gidwell, Mrs. A. Halmforth, Mrs. A. V. Dye, Mrs. V. Bonilla, Mrs. Feuchter and Miss Ed Howard.

Mr. and Mrs. H. M. Gallagher of Warren, left for a vacation trip to the coast.

The tennis courts at the Country club are slowly but surely getting under way, and "they who know" say they will be ready next week.

Mr. and Mrs. Gerald Sherman and family are spending some weeks at Miller's Canyon, Huachuca.

The many friends of Dr. Hunt are pleased to see him back in Bisbee, fully recovered.

The "Trip to Japan," organized and personally conducted by the Young Women's Christian Association last Tuesday evening, proved to be a most satisfactory success both from point of view of attendance and amount of enjoyment by all the guests. Fine weather was experienced throughout the

whole passage, and the passengers expressed their appreciation of the excellent management of the cruise.

The big veranda of the home was with rugs, easy chairs, lanterns, etc., so that it rivalled in luxury the Lullaby land. The officers and crew of the "Pinafore" were in charge, and showed themselves the good and gallant seamen they are.

The tedium of the ocean voyage was whittled away with deck sports, and he is whispered, perhaps with even some of the flirtations that are such a large feature of shipboard life.

At Honolulu, the passengers were invited to go ashore without extra expense to pay a visit to the famous Queen Lili. Her Highness received her guests with queenly graciousness, showed them pictures of her island home, the while a Hawaiian band, artistically decked with flowers, discoursed the native music of that country. Comment was aroused among the Bisbee passengers as to the strong resemblance existing between the musicians and Sam Chase, Frank Butler and Ernest Hayes, all well known young men of this city.

The passengers then returned to the ship and the voyage to Japan was resumed. A number of jolly games were played during this part of the trip, but the delights of the landing in the flower kingdom across the Pacific dispelled any regrets at the ending of a pleasant trip. Here the passengers were charmed with Japanese decorations, also dainty Japanese maidens, and the tea-house where Japanese refreshments were served to all. The cruise ended with a jolly Virginia Reel, danced on the deck of the steamer, in which passengers took part without distinction as to age or avocations.

The committee in charge of the "Trip to Japan," consisted of Mrs. F. L. Williams, Chairman, Mrs. R. O. Owen and Miss Marguerite Watson.

Another of the "Family Nights" that have been such a pleasant feature of the life of the Y. M. C. A. this summer was held at the Association building last Monday evening, a good attendance being present. Some good moving pictures were shown, and simple refreshments served, and everyone of the guests expressed themselves as

having thoroughly enjoyed the evening.

It is planned to continue weekly entertainments for some time to come.

The Don Luis Commercial Club, which can be relied upon to display activity in all causes tending to the good of that community, is making arrangements for a benefit dance to be held in the Wildgrube Hall in Don Luis on the evening of August 15.

The purpose of the dance will be to raise money to pay for the labor of putting up the new fence recently purchased by the School Board for the Don Luis schoolhouse. The residents of Don Luis have shown a most commendable interest in the welfare of their school and the beautifying of its grounds, and they hope that the citizens of Bisbee will co-operate with them as generously as they have in the past in making their benefit dance an entertainment a success. The Bisbee public is cordially invited to attend this dance to be held on August 15.

Miss Ella St. John left Bisbee Wednesday evening for Santa Catalina Islands, California, for a vacation of a month or two.

Plans for the play to be given at the Orpheum Theater by the ladies of the Eastern Star in the near future are now advanced to such a stage that some fairly definite information can be given to the public. The exact date of the production has not yet been set, but it is hoped that it can be given some time before the first of September, and the ladies in charge of the enterprise are going to bend every effort to that result.

It is now decided to put on the comedy "The Peaceful Valley," well known and extremely popular with the theater-going public as Sol Smith Russell's specialty. It is straight drama, but it is probable that the Bisbee production will include a number of songs.

Mr. Arthur Howard Ten Broeck who in Bisbee through his very successful production of "Pinafore" will act as manager and director of the Eastern Star play.

First Chapter No. 6, Order of the Eastern Star held a special meeting

last Tuesday evening for the initiation of candidates. Refreshments were served at the close of the initiation exercises, and the meeting was much enjoyed by all that attended.

The Bisbee "Lions" are making arrangements for a juvenile moving picture show to be held at the Y. M. C. A. gymnasium next Tuesday evening. The rates for admission will be five and ten cents. The boys will use the proceeds toward paying for their new moving picture apparatus.

The workers in the recent financial campaign for Young Men's Christian Association were the guests at a very delightful chicken dinner given last Sunday evening at 6:00 at the Association building. Between thirty and forty men were present. A number of speeches were made at the close of the dinner and all the guests are reported to have enjoyed the occasion immensely.

Mrs. W. E. McKeehan, who recently resigned from the community of the Ladies of the Macarones, was honored on Thursday evening by a surprise party in her home by the ladies of the lodge. Contrary to the usual order of events, when the surprise of a surprise party spends several days beforehand in preparing for her guests, Mrs. McKeehan was generally taken unaware and was quite overwhelmed by the unexpectedness of it. About 35 ladies composed the party that did the surprising. The evening was spent in music and conversation and a general jolly time, and ice cream and cake were served as refreshments.

As a token of the esteem in which she was held by her lodge, Mrs. McKeehan was presented on this occasion with a very handsome cut glass cheese plate.

Mrs. McKeehan expects to leave Bisbee within the next few weeks for her new ranch home. She will be greatly missed in Bisbee, but her friends wish her all success and happiness for the future.

The Christian Endeavor Society of the Presbyterian Church have completed arrangements for a "hobo" picnic to be held next Wednesday evening at Frick's Park. The picnic is cordially invited to attend, and a good time is promised by the social committee to all who take advantage of the invitation.

Each "hobo" is asked to bring with him a can of pork and beans, a drinking cup and a friend. Bon fires will be lighted, and coffee made, and everything will be carried out in genuine "hobo" style. Needless to say, all are asked to appear in old clothes.

One of the youngest and at the same time most successful music teachers in our city is Miss Catherine Mariotte,

## Plan Now Your Summer Destination

194 Pacific Electric Building, Los Angeles, California.

who is now giving instruction on the piano at Loretto Academy, Miss Mariotte, after graduating from the Bisbee High School, took up the study of music at the convent, and her marked ability and industry have brought her very prompt recognition. Her many friends will watch her musical career with great interest.

Miss Lottie McKee, who for the past two years has been studying music in Los Angeles, returned to her home in Lowell last Wednesday. Her numerous friends in the district will be pleased to learn that she expects to make her permanent residence here from now on. Miss McKee is the daughter of W. E. McKee, superintendent of machinery of the C. & A.

A letter received recently from Miss Johanna Stadlinger, teacher in the Lowell school last year, announces that the sister who was supposed to be dying when Miss Stadlinger was urgently called east last June before the close of school last May, is well on the road

to recovery. Miss Stadlinger expects to return to Bisbee about the 25th of this month.

Mrs. C. H. Hunt is entertaining her sister Mrs. Hipp, Miss Catherine Hipp, and Mr. Will Hipp of Houston, Texas.

Accompanied by her sister, Miss Emma Dickson, Mrs. N. B. Sterling of Denver, Colorado, arrived in Bisbee Thursday for an extended visit with her son and daughter, Mr. and Mrs. M. B. Sterling of Quarry Canyon.

Mrs. John Treu and children left yesterday for Los Angeles. Mr. Treu accompanying his family as far as Maricopa. Mrs. Treu expects to spend several months on the coast, as she has been in very poor health for some time, and her physician has recommended a lower altitude. Her friends in the Warren District regret her departure, and trust that she will soon return completely restored to health.

Miss Carlotta Moyer, Secretary of

## SMART FROCKS OF SILK AND COTTON By MAY MANTON

NEED were actual stuffs as lovely as they are this season and never was it so easy to have charming costumes. Here is one that is smart in the extreme yet so simple that any girl can make them in a short space of time and when a girl can make her own frocks she will not fail to have a generous number.

The dress to the left is made of striped pongee with plain white linen collar and cuffs. It is exceedingly practical as well as exceedingly fashionable but, if for any reason the

more direct of striped material is not liked it can be given quite a different effect by the use of plain color for the blouse while the skirt is striped or of some similar combination. There is only one extra in the skirt and the sleeves that are clipped to the yoke below the shoulder line dispense with the need of fitting to the armholes.

THE second costume combines a blouse of plain white crepe with a skirt of white crepe showing a row of white embroidery in really brilliant

colors. It is exceedingly dainty and summer-like and it gives just the bright color note that is so dominant this season. The skirt is of the one-piece cut but draped most effectively with a short tunic that can be of the same or of a contrasting material while the blouse is in just the right place with the edges overlapped at front and back.

UNDOUBTEDLY the light bright silks are to be fashion, while throughout the summer and they really are ideal for warm

weather wear. They shed the dust, they are cool, and they are always pretty.

The third costume is made of very fine tulle in black and white with a white collar. The touch of blue in the silk is exceedingly dainty and surprising smart and the costume is a very simple one and can be put together without the least bit of trouble. The coat is in a simple style, revealing absolutely no fitting, and the skirt is laid in pleats to give the rag top effect.

## LATEST FASHION NOTES FROM THE FASHION CENTERS

THE early summer fashions are not alone among the smartest social events of the season, they also point the way to the coming fashions and are quite certain to reveal the newest and the latest. Just now it is interesting to note that between the cables account of what is worn in Paris and the report of the costumes that were seen at Piping Rock, there is a little difference as to emphasis again the wisdom of the fashion centers and to bring an acute realization of how little time it is between the two.

There is a feeling that the day of the over-the-shoulder blouse is over. One of the smartest frocks seen at Piping Rock was a very little white blouse with a very high collar and a very short skirt. This is a feeling that is being carried over to the fashion centers and it is expected that by the end of the season the blouse will have become a thing of the past.

The blouse that is being worn at Piping Rock is a very simple one and is made of a very light material. It is a blouse that is being worn at Piping Rock and it is a blouse that is being worn at Piping Rock.

THE last costume shown is a combination of tulle with French silk, the two together making an extremely attractive, useful frock that can be made available for many occasions. The little blouse is made in a kimono style but with seams over the shoulders that allow an effective distribution of the fullness. The skirt is just the two-piece sort with two circular flounces arranged over the waist. The same model would be a good one for various other materials as well as silk.

You will recognize many changes and few many variations. Already we are seeing fascinating little frocks with short sleeves extending to be worn over the blouse and we may look for the blouse to be developed but, after the blouse that and the blouse that is being worn at Piping Rock, there is a feeling that the blouse will have become a thing of the past.

Forgive me for the present generation, fashion means variety in these days. We are not at all likely to revert to the period when one style was worn and one style was worn and one style was worn.

Just at the moment, however, we are seeing a very different style of blouse and a very different style of blouse and a very different style of blouse.

Flaring collars retain all their vogue too but they are constantly undergoing variations. The newest variety of the flaring collar is that is known as the flaring collar and it is a flaring collar that is being worn at Piping Rock.

Somehow unusual combinations of materials are being seen but, however unusual, always effective. At Piping Rock, for example, was met a costume combining silk pabardine with chiffon, the color being one of the new blues known as Corbeau. The skirt of the ensemble was plain and narrow but not exaggeratedly so. The tunic and sleeves were very of chiffon according to fashion and the long close-fitting sleeves matched the skirt. The neck opening formed a deep V at the front and was finished with a flaring collar of the flaring collar made of white tulle.

edged with plaited net while the skirt and shaped band a little below the waist line were of the gabardine, which, almost needless to say, was of the light weight silk sort especially desired for summer wear. The same costume might be developed in tulle in place of the gabardine. The overall features are the long, slightly draped skirt and the over-the-shoulder blouse that is being worn at Piping Rock.

One of the smartest costumes shown at the favorite Piping Rock was of silk and wool material combined with a very short skirt and a very short blouse. The blouse was of a very light material and the skirt was of a very light material.

## DESCRIPTION OF PATTERNS

- 6121 Blouse with Tunic for Misses and Small Women, 16 and 18 years.
- 6084 One-Piece Rag Top Skirt for Misses and Small Women, 16 and 18 years.
